NY CRIME VICTIMS Legal Help

Connecting Crime Victims with Civil Legal Assistance

Visit crimevictimshelpny.org for more info

NY Crime Victims Legal Help is currently being piloted in Erie, Genesee and Niagara counties to assist victims of crime with civil legal matters if they either live in or have been victimized in those counties. For help in other counties with a non-criminal legal matter, contact the New York State Bar Association or your local Bar Association for more information. Throughout 2019, the pilot will expand, with the goal of providing crime victims access to civil legal services in every county in the state outside of New York City.
